**Hazardous Conditions = 2**

---

### **Fires Reported in FireRMS**

December 17, 2013, 11:14 p.m. – East Lansing Fire was toned out to a cooking fire on Marfitt. Upon arrival and investigation found that this was set off from the resident burning a pair of cooking mittens on a toaster oven. No fire upon arrival just a very light haze in the hallway. Engine 11 crew reset the alarm and cleared the scene.

### **Training Reported in FireRMS**

December 18, 2013, 8:10-8:25 a.m. – Emergency Response Safety – On duty fire station 2 personnel reviewed Mayday procedures and when, where, why and how to use them. Also, discussed RIC vs. RIT. Reviewed what to do while waiting for help.

December 18, 2013, 2:00-2:45 p.m. – Aerial Operator – A fire fighter went through Truck 12 to prepare for operator test. Reviewed pump operations, aerial operations, outriggers, short jacking and general rig review.
