Hazardous conditions = 4

Fires Reported in FireRMS - page 1 of 2

February 15, 2014, 9:07 p.m. - Dispatched to a fire alarm on MAC. Upon arrival found multiple people standing outside residence. No fire or smoke showing and resident stated no fire, just a burned sandwich on the grill. Audible and visual strobes active upon making entry into residence and the alarm panel showed 1st floor smoke activation. The building was ventilated and panel reset. The alarm panel continued to go into alarm showing third floor smoke activation. After multiple attempts to reset the EL Fire Inspector was contacted and he advised to disconnect faulty head and leave alarm in trouble. Firefighters did this and then the residents were instructed to not occupy room 311 until the fire inspector had made contact with them and the problem was fixed.

February 21, 2014, 7:08 p.m. – East Lansing Fire Battalion 11 was called to assist Lansing Fire with a fire on Washington but was then cancelled prior to arrival.

February 24, 2014, 10:47 a.m. – East Lansing Fire Engine 11 was called to assist Meridian Township Fire Department for a possible structure fire on Teakwood. Upon their arrival they were assigned to RIT (rapid intervention team).

February 25, 2014, 10:18 a.m. - Dispatched to a car fire on Spartan. Engine 11 responded emergent with 3 on board. Upon arrival found a vehicle in close proximity to a house with heavy smoke coming from the left wheel well. Established command and firefighters attempted to release the hood and then utilize a halligan to open it with no success. Finally, an opening was made in the hood and fire personnel used CAFS to extinguish until the K-12 saw was retrieved to open the hood successfully. Firefighters found heavy fire in the engine compartment. Medic 12 was on the road and did a drive by and their crew was utilized in hood breaching and extinguishing the fire. The battery cables were clipped and the fire was extinguished. Reported this information to dispatch and then cleared Medic 12. Per the driver of the vehicle, a UPS man came by and told him he had smoke coming out from under the hood. The driver of the vehicle attempted to release the hood with no success and then tried using a portable fire extinguisher. When he saw this was not helping he called 911. The East Lansing Fire Marshal responded to the scene, took pictures and spoke with the individual. Command terminated and personnel returned to quarters.

Training Reported in FireRMS page 2 of 2

February 18, 19 and 20, 2014, 1:30-3:00 p.m. – EMS - Airway Management and Ventilation. All on duty fire personnel attended this training/lecture on respiratory issues, medicine administration, identifying the "sick kid". Performed EZ IO on eggs to I.D the sensitivity and on chicken bones flowing green food coloring to confirm in canal.

February 26, 2014, 7:30 a.m. – 2:30 p.m. – First Responder Operations – 4 on duty personnel went to a Region 1 exercise in Perry, Michigan with the Hazmat and USAR deployment, simulating an IED explosion with a hazmat release and trench rescue operations. ELFD personnel did hazmat first responder recon and then ongoing assignments.

February 26 and 27, 2014, p.m. – Donning/Wearing/Using SCBA. All on duty personnel had their annual testing. Fire personnel showed their inspection competency as well as proper donning of SCBA.

February 26 and 27, 2014, a.m. – Respirator Fit Test – All on duty personnel had their SCBA mask fit tested at MSU EHS.
