~~~~~  
**Fires Reported in FireRMS page 1 of 2**

November 29, 2014, 7:48 p.m. - Dispatched for an oven fire on Touraine and made a full structure response. Battalion 11 arrived, assumed command and assigned Engine 11 to investigate. They investigated and reported that the fire was out and they could handle it. Truck 12, Medic 12 and Medic 11 were cleared. Battalion 11 passed command to Engine 11, cleared and returned to station 1.

November 30, 2014, 8:52 p.m. - ELFD dispatched to a trash can fire south of IM Circle. Truck 12 responded emergency. Arrived and found a small fire confined to the trash can with no exposures. Firefighters extinguished the fire with a water can. MSU Police will advise MSU grounds maintenance for replacement of the plastic can. Truck 12 cleared.

December 2, 2014, 7:19 p.m. – EL Fire was dispatched to assist Meridian Township Fire on Buckden Way for a structure fire from food on the stove. EL Battalion 11 responded with East Lansing Engine 11. They arrived on the scene and found that there was smoke visible from a lower level apartment. EL Command met up with MTFD command as EL Engine 11 proceeded inside to extinguish a small fire on the stove. The fire was put out with a fire extinguisher and ventilation was requested. As more MTFD crews arrived, their command cleared all ELFD units.

December 3, 2014, 5:04 p.m. - ELFD dispatched to MSU Union for an oven fire. Truck 12 responded emergent and arrived to find nothing showing and investigated. The fire was out on arrival. Found that workers had discharged a chemical extinguisher onto a grease fire that was on the range top. Fire personnel directed the manager to stop food sales. MSU Police was on the scene and contacted the MSU Fire Marshal's office who stated they would follow up with the health department. There were no signs of damage to the kitchen equipment or furnishings. Truck 12 cleared.

## **Training Reported in FireRMS page 2 of 2**

November 26, 2014, 1:30-2:00 p.m. – Equipment Care & Maintenance – All on duty personnel had a class for maintenance and operation of small gas powered equipment. Included chainsaw, rotary saw, positive pressure fan, and hydraulic power plant.

November 26, 2014, 2-2:30 p.m. – Donning/Wearing/Using SCBA – One new firefighter performed SCBA proficiency and personal protective equipment drill.

December 2, 2014, 1:30-2:00 p.m. – Confined Space Rescue – The Deputy Chief gave a refresher class to all on duty personnel on assembly and use of the confined space communication system.

December 2, 2014, 2-2:45 p.m. – High/Low Angle Rescue – The station one Captain gave a class to all on duty personnel on the rope rescue tool and Yates Spec pack. Demonstrated patient packaging, lift options and new high angle climbing hooks.

December 4, 2014, 1:30-2:30 p.m. – Hazmat Incident Scene Safety – All on duty personnel had a class on CO2 incident and identification resolution.
