3-Week Incident Report  
July 17 to August 6, 2015

Total number of incidents responded to: 229

EMS/Rescue = 182	Fires = 8
False Calls = 26	Good Intent = 5
Hazardous Conditions = 7	Other = 1

### **Fires Reported in FireRMS page 1 of 3**

July 17, 2015, 10:13 p.m. - Called to a trash can fire behind the 300 block of Charles. Upon arrival found a trash can with saw dust, used sandpaper, paint cans and other paint/staining products burning. Firefighters put the fire out with the hose reel. The fire tripped the alarm inside the building and firefighters reset before leaving. Called the Fire Inspector to advise of the situation and sent to him some photos of the scene. Noted damage was to an electrical cover on the wall near the fire. Also a trailer was on the scene from a flooring company and it looked like they were finishing the floors inside. Truck 11 cleaned up and cleared the scene.

July 21, 2015, 9:34 p.m. – Truck 11 was dispatched to Division for a possible structure fire from food in the oven. While en route they switched to Metro 1 and was updated en route that the ELPD was on the scene reporting burnt food in the oven and it was removed to the exterior of the structure. Battalion 11 established command with an order for Medic 11 and Truck 11 to investigate and cleared Station #2 units. Truck 11 investigated to find a light haze in the apartment with occupants stating they were broiling steak in the oven. An ELPD officer had removed the steak and pan and placed it in the parking lot near the home. Fire personnel advised command that they would assume the scene and needed ventilation from Medic 11. Gathered information and noted no structural damage as well as no obvious damage to the oven itself. The occupants stated that smoke detector did operate to notify them. Truck 11 cleared apartment of smoke and then cleared the scene.

July 28, 2015, 11:44 a.m. –Dispatched to Farm Lane for a possible fire along the railroad tracks. Upon arrival found a small fire that had already been extinguished by the railroad company so fire units cleared.

July 28, 2015, 4:20 p.m. –Dispatched to Fee Road for a possible fire on the railroad tracks. Upon arrival found a small fire smoldering and consisted of one railroad tie. The fire was extinguished by Truck 12 crew and they then cleared.

### **Fires Reported in FireRMS page 2 of 3**

July 29, 2015, 7:29 a.m. - ELFD dispatched to Alton Park for a post on fire. Truck 11 responded emergent and arrived to find a 4 ft. tall parking post smoking and burning with no exposures. The fire was extinguished with water from bucket. No excessive damage and the fire burned the top portion of the post only. T-11 cleared.

July 29, 2015, 5:20 p.m. - Dispatched to College Road for a possible fire involving a hay bailer/chopper. Upon arrival MSU workers put the fire out prior to our arrival. Salvage and overhaul performed and no damage noted. Possible cause of the fire was an overheated bearing. Cleared with dispatch.

July 13, 2015, 12:28 a.m. - Called for small fire on the ground on Abbot Road. Arrived to find a small fire in a trash holding area. Firefighters extinguished the fire with a front hose line using about 25 gallons of tank water used. Truck 11 then cleared.

August 4, 2015, 7:05 p.m. - Dispatched to a possible structure fire on Pine Forest. Battalion 11 arrived at the scene to find a two story apartment building, no smoke or fire noted from the exterior. They set up Pine Forest Command and Truck 11 was assigned to investigate. Truck 12 staged at the hydrant and Medic 12 was assigned RIT. Truck 11 advised they needed forcible entry tools and Truck 12 was assigned forcible entry. Truck 11 reported food on the stove, no fire and that they could handle the problem. Battalion 11, Truck 12 and Medic 12 cleared and command was passed to Truck 11.

### **Training Reported in FireRMS**

July 21, 2015, 1:30-4:30 p.m. Aerial Operator – Station 2 on duty personnel had manipulated driving and spotting skills by having a firefighter drive and set up Truck 12 at various locations. Everyone took turns climbing and running the aerial.

July 21, 2015, 1:30-4:30 p.m. - Aerial Operator – Station 1 on duty personnel had an hour lecture on SOG's for Apparatus Response, Placement, and Functions, Standard Company Functions for Offensive Interior Operations and Standard Company Functions for Defensive Exterior Operations and then went to various locations and performed aerial set-up and operations. Different drivers rotated through for practice.

July 22, 2015, 1:30-4:00 p.m. – Manipulative Driving Skills – 3 on duty station went through the road course with Truck 12.

July 23, 2015, 1:00-3:00 p.m. – RAT Team – Repaired and put 4-gas PID into service. Pulled service records for monitors from calibration chip.

August 5 & 6, 2015, 1:30-3:30 p.m. – Medical – All on duty personnel received new information on protocol changes with regards to Naloxone and ExDS. Then we practiced using the MiMedic cards to draw drug dosages with our training drug box.
