Hazardous Conditions = 3

False Calls = 22

No Fires Reported in FireRMS

Training Reported in FireRMS

February 7, 2017 - Aerial Ladder Company Operations – All on duty personnel participated in the high rise evolution with standpipe training. Also, live training in the fire station 1 engine room.

February 9, 2017, 1:30-3:00 p.m. – Water System Maintenance & Testing – All fire station 1 personnel tested the stand pipes at the Marriott parking garage under the supervision of the onsite construction supervisor. Hooked T-11 to SW standpipe and charged the stand pipes. Found the system to be damaged and leaking significantly. Left the stand pipe connections open to assist in draining. Once completed reported all findings and actions to the construction company.
