**Fires Reported in FireRMS**

August 6, 2017, 11:19 PM- T-12 was dispatched to fire alarm. T-12 at large 4 story structure with nothing showing and few residents evacuating. T-12 investigated to find alarm sounding and fire panel showing two heads in apartment #230 activated. T-12 made their way to #230 and unable to access the apartment. Occupants contacted T-12 and admitted to burning something on the stove top. Occupants opened apartment #230 and showed me a cook pot that had contained incense. Occupants had burned the incense and the smoke activated the detectors. I noticed a plastic bag on the smoke detector in the hallway as well. Occupants were advised to remove bag and system was reset to normal operation. Info. was given to MSU PD and RHS. T-12 cleared the scene and returned to Station #2

**Training Reported in FireRMS**

August 8, 2017, 2 hours- Captain gave a power point presentation on the new 1855 place on MSU campus. A tour of the new buildings followed.
