### Fires Reported in FireRMS

**November 9 2017, 7:24 PM**-Responded to mutual aid to Lansing for a house fire. Enroute, we were switched to TAC 2. Arrived and command had us level one stage. Ordered to assist ventilation crew on Charlie side. Charlie side crew requested roof ladder. Brought them a roof ladder. Roof division requested chain saw. Took saw to roof and cut a vent hole in the Alpha side roof, near the peak. Cleared by command.

### Training Reported in FireRMS

**November 9, 2017, 1 hour** - Capt. provided lecture on HAZ MAT decontamination procedures. Followed by practical exercise of encapsulated level B dress out, hazard monitoring, and level B decontamination. MTFD and MSU EHS also participated in training.

**November 15, 2017, 2 hour**- ODT Ran crews through three stations.

1. SCBA proficiency-blacked out masks, large room search, dexterity in gloves
2. Cleveland hose load deployment and repacking
3. Ladder climb, leg lock, use rope to hoist a tool(knots)
