Self-contained Recreational Basketball Program

Grades 2-8, boys & girls

In response to the pandemic, the East Lansing Department of Parks, Recreation and Arts is offering a self-contained recreational basketball program instead of the traditional program. The emphasis will be on individual skill development, exercise & intrasquad scrimmaging.

Participants will be grouped in pods of 10-12 by class & school. Each pod will meet with a volunteer coach (on a weeknight and/or Saturday) for a 50 minute session at the Hannah Community Center gym, 819 Abbot Road, or possibly one of the East Lansing elementary gyms.

The pods will **NOT** interact with other pods.

Parents will be contacted by email no later than January 16 with pod assignments & more details.

-Sessions will begin on **Saturday, January 23**
 -program runs for 8 weeks (Jan 23 through Mar 18)

COVID-19 Statement: Given the current health situation, we are assigning participants to pods based on school & grade. Households will be given a two-question COVID screening questionnaire to review with their child before each session (if the answer to either question is YES, your child must stay home). Temperature checks will be taken of each child, coach & staff member upon arrival & all participants will have to be fever-free to stay for the session. To limit the sharing of equipment, participants will need to bring a labeled water bottle, basketball & wear a clean face covering/mask each session. Due to social distancing & safety protocols, parents are not permitted to stay with their child. Current Health Dept mandates will be followed. Once we have placed your child in a pod, you will receive an e-mail with more information & drop off details.
